

## How To Use

# IGET Bar For The First Time?

1

### UNBOX YOUR IGET BAR:

Carefully remove the IGET Bar from its packaging. Check for any instructions or safety warnings included with the device.

### CHECK FOR PRE-ACTIVATION:

The IGET Bar comes pre-charged and pre-filled with e-liquid. There's no need for assembly or refilling, making it hassle-free for first-time users.

2

### REMOVE PROTECTIVE COVERS:

Ensure you remove any protective caps or seals from the mouthpiece and the airflow hole. This step is crucial to ensure an unrestricted and smooth vaping experience.

3

### TAKE YOUR FIRST PUFF:

Place the mouthpiece between your lips and inhale gently. The IGET Bar is draw-activated, meaning it will automatically produce vapor as you inhale. There's no button to press, which makes it very user-friendly.

4

### ENJOY YOUR VAPING EXPERIENCE:

With the IGET Bar, you can enjoy a consistent and flavorful vaping experience. The device is designed to deliver smooth hits with each puff.

5

### MONITOR USAGE:

Keep an eye on the number of puffs you take. The IGET Bar is designed to provide up to 3500 puffs, so you can gauge how long it will last based on your usage.

6

### DISPOSE OF RESPONSIBLY:

Once you've used up all the puffs, dispose of the IGET Bar responsibly. Follow local regulations for disposing of electronic devices and batteries.

7

If you're new to the world of vaping and looking to start with an **IGET Bar**, you're in for a smooth and satisfying experience. The **IGET Bar**, available at **Infinity Vape Supply**, is designed to provide up to 3500 puffs, making it an excellent choice for both beginners and seasoned vapers. Here's a step-by-step guide on how to use your **IGET Bar** for the first time.

## **Step-by-Step Guide to Using the IGET Bar**

### **Unbox Your IGET Bar:**

Carefully remove the **IGET Bar** from its packaging. Could you check for any instructions or safety warnings included with the device?

### **Check for Pre-Activation:**

The IGET Bar comes pre-charged and pre-filled with e-liquid. There's no need for assembly or refilling, making it hassle-free for first-time users.

### **Remove Protective Covers:**

Ensure you remove any protective caps or seals from the mouthpiece and the airflow hole. This step is crucial to ensure an unrestricted and smooth vaping experience.

### **Take Your First Puff:**

Place the mouthpiece between your lips and inhale gently. The IGET Bar is draw-activated, meaning it will automatically produce vapor as you inhale. There's no button to press, which makes it very user-friendly.

### **Enjoy Your Vaping Experience:**

With the IGET Bar, you can enjoy a consistent and flavorful vaping experience. The device is designed to deliver smooth hits with each puff.

### **Monitor Usage:**

Keep an eye on the number of puffs you take. The IGET Bar is designed to provide up to 3500 puffs, so you can gauge how long it will last based on your usage.

### **Dispose of Responsibly:**

Once you've used up all the puffs, dispose of the IGET Bar responsibly. Follow local regulations for disposing of electronic devices and batteries.

## **Tips for First-Time Users**

### **Start Slow:**

If you're new to vaping, start with short, gentle puffs to get accustomed to the sensation.

### **Stay Hydrated:**

Vaping can sometimes cause dryness in the mouth and throat, so make sure to drink plenty of water.

### **Store Properly:**

Store your IGET Bar in a cool, dry location when it is not in use to keep its performance and longevity.

Using the **IGET Bar** for the first time is simple and straightforward, making it a fantastic option for anyone looking to start their vaping journey. Follow these steps, and you'll be enjoying your IGET Bar in no time!
