

# Hangzhou Luxdream Industry Co., Ltd. Launches Innovative Bathroom Mirror With Light for Modern Space

**Hangzhou, China – October 24, 2025 – Hangzhou Luxdream Industry Co., Ltd.** is proud to announce the launch of its latest innovation in bathroom décor and lighting: the **“bathroom mirror with light”** – model LUX-9520. Engineered for modern homes, hotels, and commercial environments, this refined mirror merges advanced LED lighting with premium materials to deliver both style and performance.

The signature [bathroom mirror with light](#) from Luxdream features a sleek 5 mm copper-free, lead-free glass face with high transparency and durability. The matt-black aluminium frame adds a contemporary aesthetic while offering corrosion resistance and long-term wear-resilience. At its heart is a high-quality LED lighting system integrated behind the bezel, delivering uniform illumination with an estimated service life of approximately 50,000 hours, making it a smart and sustainable choice.

The advertisement features a large image of a woman looking into a round, illuminated mirror in a modern bathroom. To the left, a text box contains the Luxdream+ logo, the product name 'BATHROOM MIRROR WITH LIGHT', the company name 'Hangzhou Luxdream Industry Co., Ltd.', a description of the product, a 'MORE INFO' button, and the website 'www.ledbathroommirror.com'. Below the main image, three smaller inset images show different views and settings of the mirror, including one with a sink and another with a different mirror shape.

## Key Features & Benefits

- **Integrated lighting:** The **“bathroom mirror with light”** design ensures ideal lighting for grooming, makeup, shaving, or ambient enhancement in bathrooms and beyond.

Lighting is available via a wall switch or discreet touch buttons.

- **Premium construction:** With advanced mirror glass and durable frame finishes (available in matte black, brushed gold, silver, or custom coatings), the mirror is built to last.
- **Customizable options:** Luxdream offers extensive OEM/customization services – from size and LED colour temperature (warm, neutral, cool) to smart features such as anti-fog, clock display, Bluetooth speaker, and branding.
- **Versatile installation:** Designed for both horizontal and vertical use, the mirror suits a wide range of residential and commercial settings—from hotel washrooms and salons to high-end homes and offices.

### Why Choose This “Bathroom Mirror With Light”?

In one product, Luxdream has combined functional lighting and stylish design—an essential trend in modern interiors. The “bathroom mirror with light” concept transforms an often overlooked bathroom fixture into a focal point, elevating the space both visually and practically.

We recognise that today’s buyers demand reliability, aesthetic flexibility, and value. Hangzhou Luxdream Industry Co., Ltd. responds with manufacturing quality and efficient supply chain – making this mirror an excellent choice for distributors, retailers, and spec-projects alike.
