

Ningbo Develo Launches Advanced Floor Scale Indicator for Precision Industrial Weighing

Ningbo, China – September 22, 2025 — Ningbo Develo Precision Mac Co., Ltd., a leading manufacturer of precision weighing equipment, is proud to announce the launch of its innovative [Floor Scale Indicator](#), a high-performance indicator designed specifically for industrial floor scale applications. This new product aligns with Develo's commitment to delivering accurate, robust, and cost-efficient weighing solutions for warehouses, factories, and logistics centres.

Develo's new Floor Scale Indicator is engineered to seamlessly integrate with heavy-duty floor scales, optimizing operational accuracy and durability. It features a user-friendly [digital](#) display, intuitive controls, and compatibility with high-capacity platforms ranging from **1,000 kg to 5,000 kg**. Available models include LCD indicators for floor scales with platform size options such as **1000 × 1000 mm**, **1200 × 1200 mm**, and **1500 × 1500 mm**, making the indicator suitable for a wide variety of industrial weighing scenarios.

“Our Floor Scale Indicator represents the next step in precision weighing,” said a design lead at Develo. “We understand the rigors of industrial use — heavy loads, continuous operation, and the need for reliable data. This indicator delivers the accuracy and ruggedness our customers expect.”

Key Features of the Develo Floor Scale Indicator:

- **High Accuracy & Resolution** – Precise weight readings with minimal error, suitable for rigorous industrial environments.
- **Robust Construction** – IP-rated casing and reinforced circuitry to withstand dust, vibration, and variable temperature.
- **Large, Clear Display** – Easy-to-read LCD with large digits and backlight for low-light conditions.
- **Versatile Compatibility** – Designed to work with multiple floor scale types and sizes (platforms up to 5,000 kg), customizable upon request.
- **Quick Setup & Calibration** – Simple installation with clear guidance and minimal configuration required on-site.

This Floor Scale Indicator is ideal for industries such as manufacturing, logistics, mining, recycling, and agriculture — anywhere that heavy loads must be weighed with precision. It supports productivity and safety by ensuring that operators can rely on accurate measurements for load-bearing, shipping, inventory management, and regulatory conformity.

The Floor Scale Indicator is now available for orders globally. For technical specifications, pricing, and customization options, customers may contact Ningbo Develo via phone (+86 137-3886-5898) or email (kristina@develoscale.com). Visit www.develoscale.com/floor-scale for product images, datasheets, and full details.

About Ningbo Develo Precision Mac Co., Ltd.

[Ningbo Develo Precision Mac Co., Ltd.](http://www.develoscale.com) is a trusted China-based manufacturer and supplier of precision weighing instruments, including floor scales, bench scales, load cells, and weighing indicators. With a strong focus on quality, innovation, and customer service, Develo continues to deliver solutions that meet international standards.
