

## Vape Shark Australia Introduces IGET XXL Disposable Device with 1800 Puffs

**Date :** May 31, 2023

The IGET XXL pods contain a unique blend of 5% nicotine salts, flavors, and organic cotton that delivers a true taste sensation in every puff.

Vape Shark Australia, the leading manufacturer of high-quality electronic cigarettes and vaping devices, has announced the launch of their latest product - the IGET XXL Disposable Device. This revolutionary device contains an impressive 1800 puffs, making it one of the longest lasting disposable vaping products on the market. The device is a new and improved version of their popular IGET XS, featuring a larger pod capacity that allows for a longer vaping experience before needing to be disposed. The sleek design is stylish and compact, making it perfect for anyone looking to take advantage of its incredible puff count. In addition to its superior battery life, the IGET XXL also delivers consistent vapour production with each hit and an intense flavour release that will satisfy even the most experienced vapers. With this latest product from Vape Shark Australia, customers can now enjoy up to 1800 puffs without having to worry about recharging or refilling.

## Game-Changer: IGET XXL by Vape Shark Australia

Vaping has come a long way from the days of large, cumbersome devices that were difficult to use and hard to maintain. Today, we have sleek, pocket-friendly devices that boast of incredible battery life and portability. However, with all the advancements in vaping technology, it's easy to forget that there are still devices out there capable of completely revolutionizing the way we vape. One such game-changer is the [IGET XXL](#) manufactured by Vape Shark Australia, a device that takes the entire vaping experience to a whole new level.

First off, what is IGET XXL by Vape Shark Australia? This technology is a pre-filled disposable pod system that will appeal to both veteran and rookie vapers. With its convenient plug-and-play use, the IGET XXL takes away the hassle of refilling, recharging, and replacing coils or pods that is commonly associated with vaping. It comes fully assembled and ready to use - perfect for any vaper who demands a hassle-free device that delivers a powerful performance.

The IGET XXL pods contain a unique blend of 5% nicotine salts, flavors, and organic cotton that delivers a true taste sensation in every puff. The device is perfect for vapers who enjoy high-powered draws, and its mouth-to-lung draw is second to none. With a battery life of up to 950mAh, the IGET XXL is the perfect travel companion that can keep up with even the most demanding users.

One of the most impressive things about IGET XXL is perhaps its incredible design. This device is made with the user in mind, and its sleek and stylish body certainly puts it on top of its class. Its slim profile ensures that you can easily slip it into any pocket or purse, and its soft-touch exterior gives it an elegant and luxurious feel that every vape enthusiast would appreciate. The IGET XXL is also packed with intuitive features that make it a joy to use, such as the convenient bottom airflow mechanism that delivers a smooth and consistent vaping experience.

Another standout feature of IGET XXL is perhaps its incredible affordability. This technology is very affordable despite its sleek design and incredible performance, and it offers vape enthusiasts value for their money. With a wide range of flavors to choose from, you can trust that the IGET XXL will cater to your individual tastes and preferences.
