Bespoke Oil Tanks

# Bespoke Oil Tanks

- Fresh Oil Tanks
- Waste Oil Tanks
- Fuel Oil Tanks

# Fresh Oil Storage Tanks

## OIL STORAGE REGULATIONS

- To safely store any lubricating oils, engine oils, hydraulic oils etc, and to ensure compliance with oil storage regulations we strongly recommend the use of an OFS T200 compliant Totally Enclosed Bunded Unit (TEBU).
- All our fresh oil tanks are designed, manufactured and tested to BS 799-5:2010 part 5, complying with current environmental legislation.

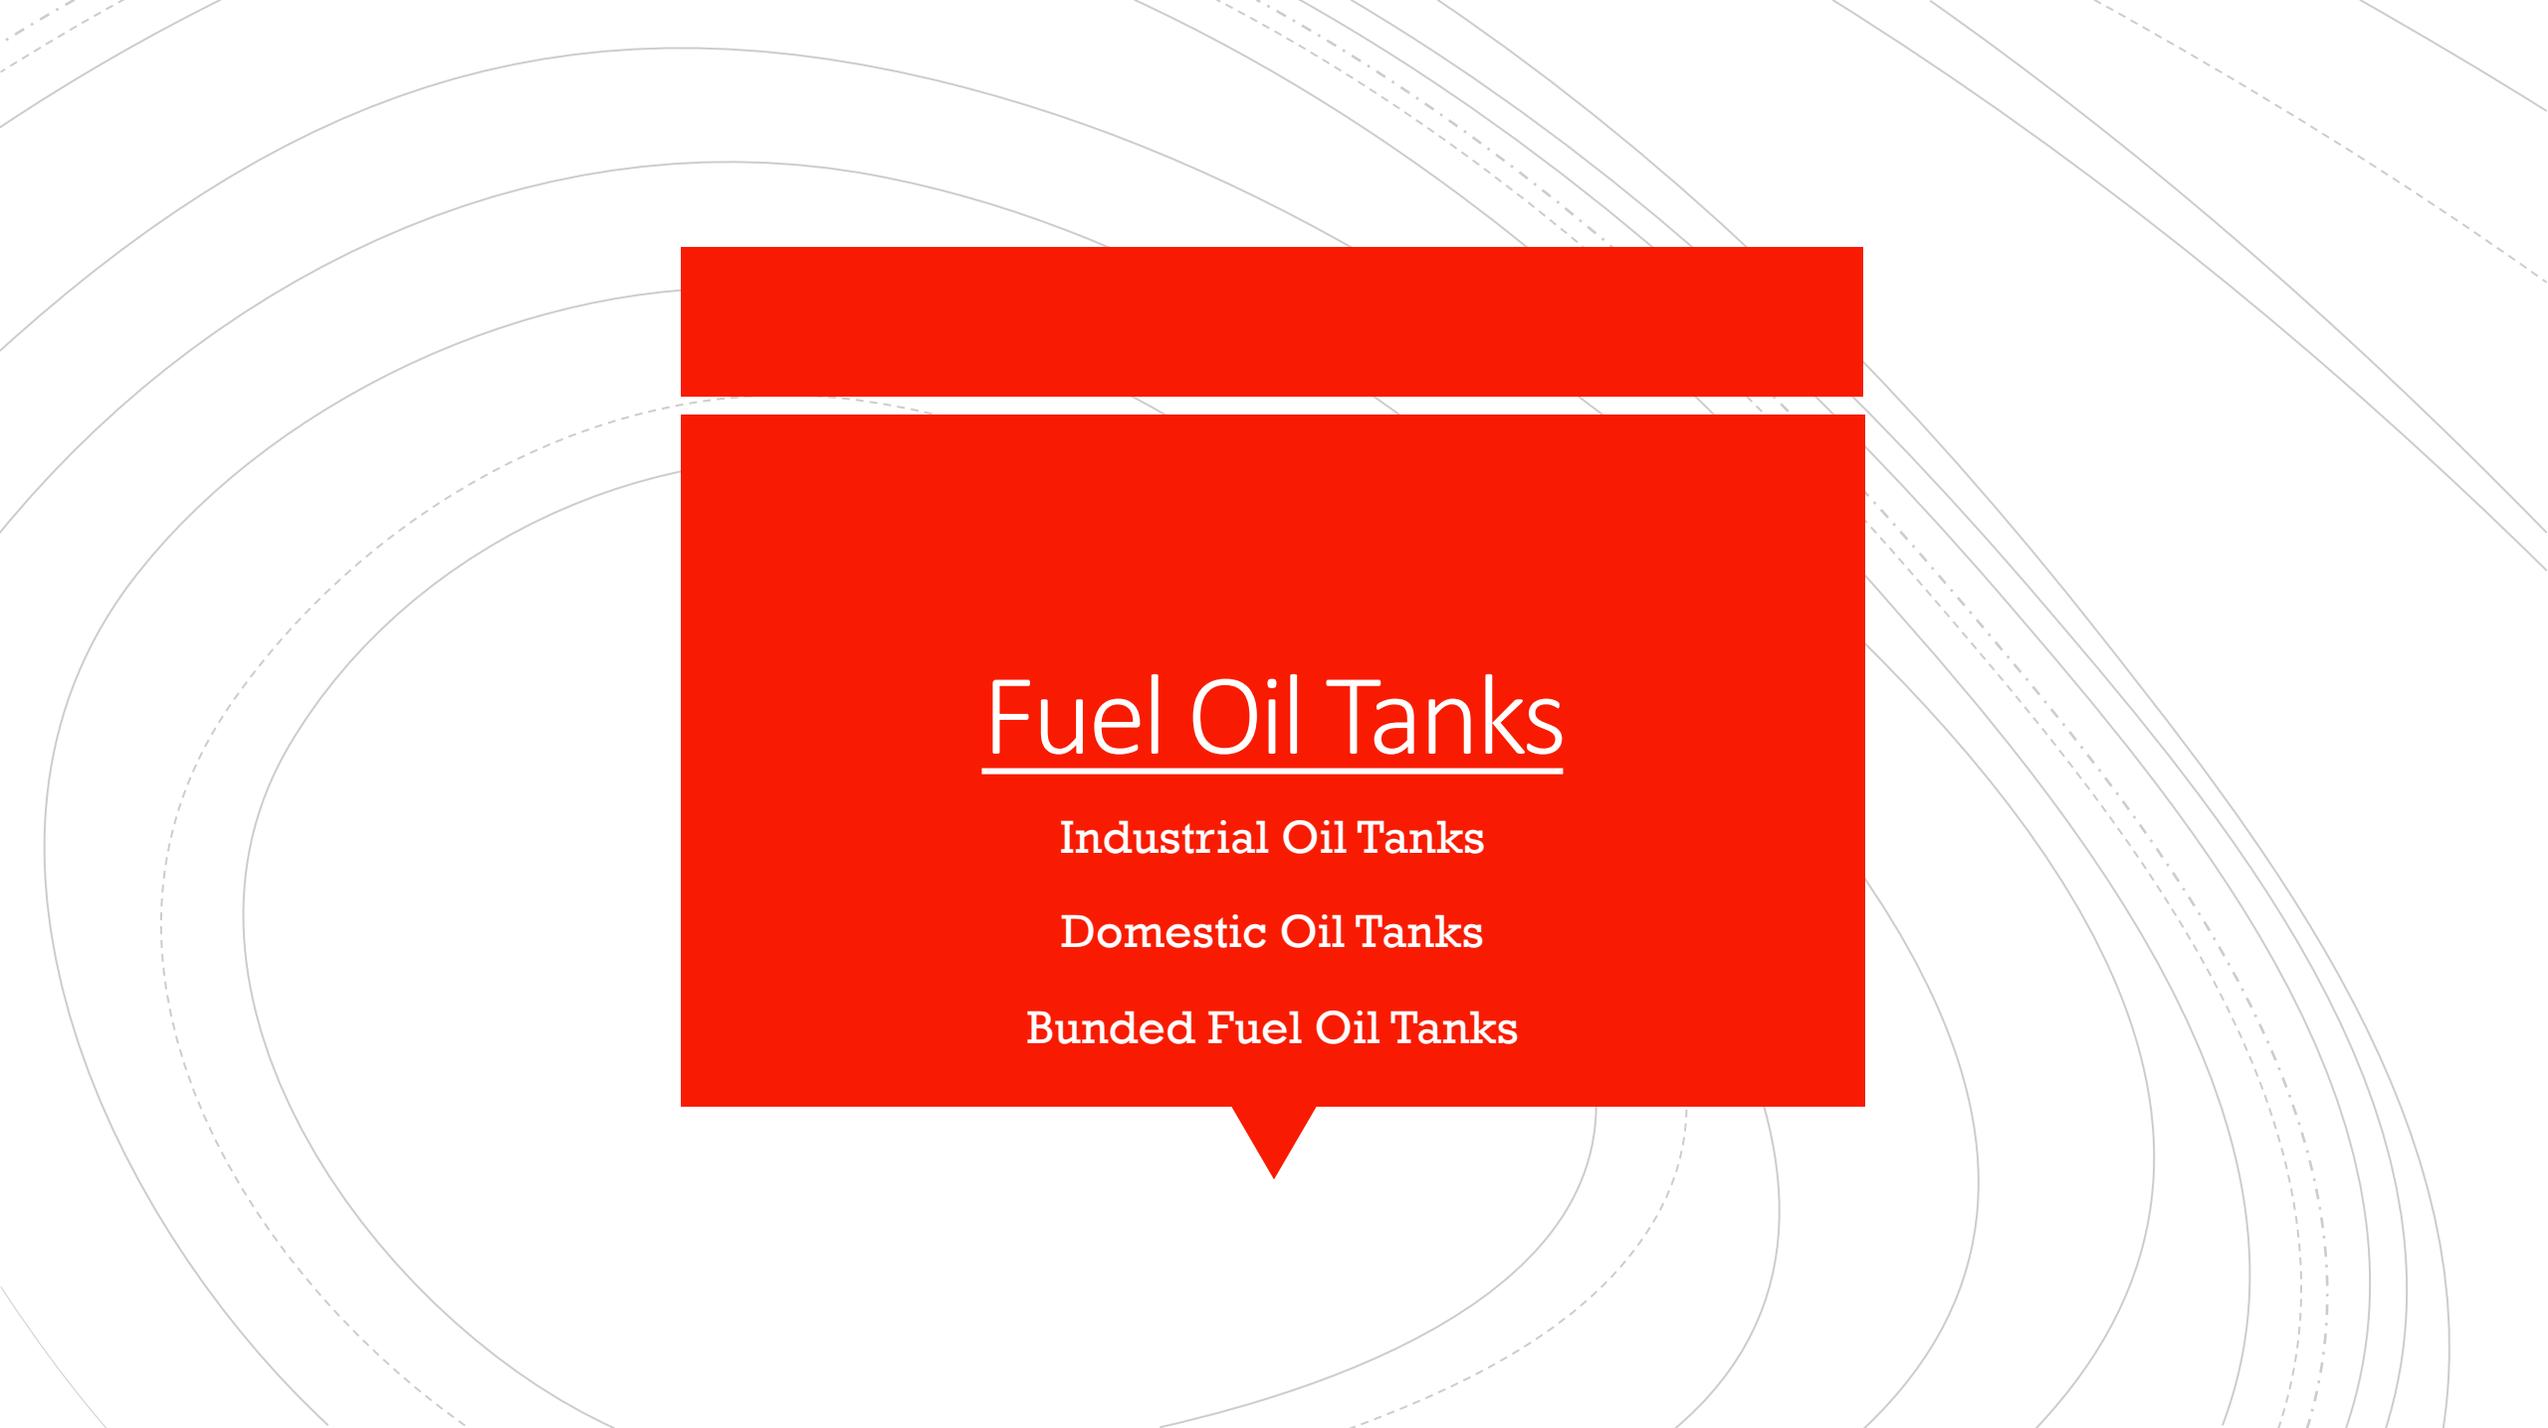

# Waste Oil Storage Tanks

## BUNDED STEEL WASTE OIL TANKS

- Control and contain your waste oil safely and securely within a banded waste oil tank that is totally enclosed from Blake Group. We design our integrally banded tanks for economic storage while ensuring compliance with all current UK legislation and regulations.

The background features several concentric circles of varying radii, some solid and some dashed, creating a ripple effect. A large red callout box is centered on the page, containing the main title and sub-topics. The box has a small downward-pointing triangle at its bottom center.

# Fuel Oil Tanks

Industrial Oil Tanks

Domestic Oil Tanks

Bunded Fuel Oil Tanks

# Industrial Oil Tanks

## INDUSTRIAL FUEL OIL TANKS

- The Blake Group storage tank department designs and manufactures fuel oil storage tanks for safe storage and dispensing of all fuel oils, such as red and white diesel, gas oil, biodiesel and kerosene.
- Tanks can incorporate pump housings to contain dispensing equipment, pump sets, bottom loading equipment and fuel management systems.

# Domestic Oil Tanks

## SINGLE SKIN STEEL FUEL STORAGE TANKS

- The Blake Group manufactures single skin steel oil tanks which are ideal for domestic oil storage.
- Ideal for diesel storage, heating oil tanks, AGA cooker supply tanks, Rayburn stoves etc. As these are made to order, we can tailor the tank size to suit your location, such as slimline or compact space saving designs.

# Bunded Fuel Oil Tanks

## BUNDED FUEL OIL TANKS

- The fully bunded Blake Fuel Oil TEBU (Totally Enclosed Bunded Unit) is ideal for the storage and dispensing of diesel, biodiesel, red diesel, heating oil and other fuel oils.
- This oil tank can easily be designed and configured to suit your requirements.
- Our clients include oil distributors, haulage contractors, bus companies and local authorities.
